The Gold option is plated with real metal and finished to a high shine with a special treatment to protect it from the wear and tear of kitchen life. As a result, each element will continue to look perfect for many years to come. The Gold-plated finish highlights the elegant design details of your Bertazzoni Master Series appliances – from the control knobs of your range to the finials on the door handles of the refrigerator and dishwasher.

The Collezione Metalli for the Bertazzoni Master Series is available in two finishes: Gold and Black Nickel. Each finish comes in sets that you can buy with your appliance or at a later date. They are simple to install at home, with no special tools. For more details, watch our tutorial video below.

This set contains 10 x knobs in Gold to personalize your gas range.
