## Collezione Metalli

Collezione Metalli enhances Bertazzoni cookers, hoods and refrigerators with precious decorative details.

These special finishes are achieved with real gold, copper and black nickel for a refined finishing touch and greater protection from everyday kitchen use.

Bertazzoni continues to be passionate about bringing tradition and technology together to create exceptionally beautiful, high-performance kitchen appliances.

Each finish comes in sets that you can buy with your appliance or at a later date to personalize the look of your kitchen.

---

**Enhanced by heritage**

*Introducing Collezione Metalli for  
Bertazzoni Heritage Series*

The Heritage Series proudly celebrates Bertazzoni's illustrious past with an eye to the future. Defined by the traditional look of the original wood burning stoves and ranges that Napoleone Bertazzoni would have recognized back in the early 1900s, they feature innovative 21st Century cooking technology and signature Bertazzoni engineering.

Now you can add an exquisite personal touch to your Heritage Series appliances with the new Collezione Metalli.

---

**Inspired by centuries of Italian craftsmanship**

The reputation of Italy's gold and silversmiths has remained unrivalled for hundreds of years. Founded on the skills and closely-guarded secrets of the medieval guilds, today's extraordinary jewellery is enhanced by a combination of innovative technology and traditional craftsmanship.

---

**An elegant finishing touch**

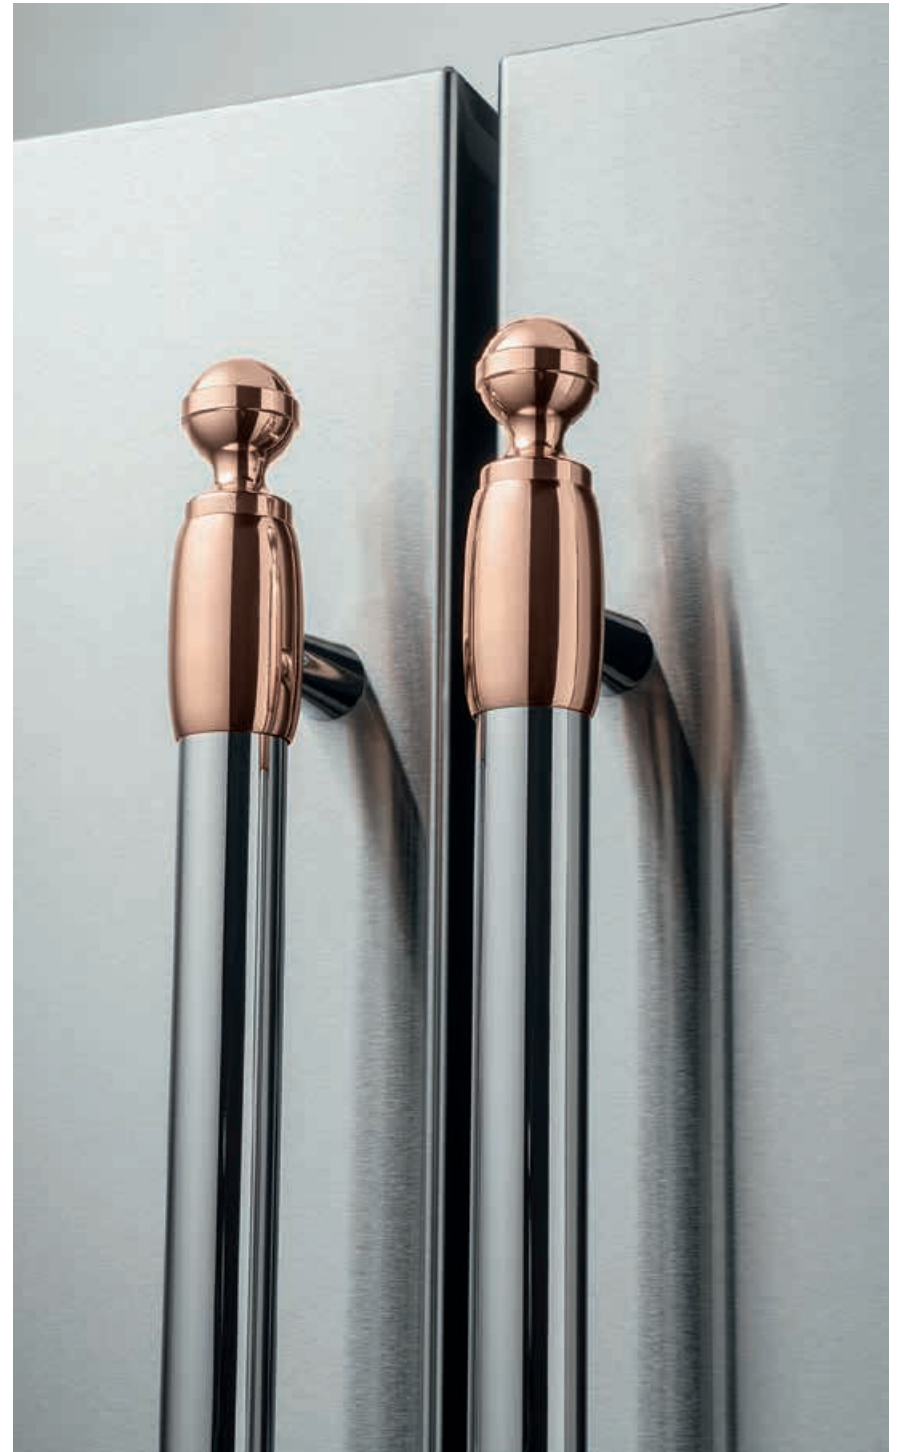

Choose from three real metal finishes: Gold-plated, Copper-plated and Black Nickel-plated. The Gold and Copper options are finished to a high shine, while the Black Nickel is available in a stylish matt finish. Both finishes have a special treatment to protect them from the wear and tear of kitchen life, keeping them looking perfect for many years. Each finish enhances the elegant design details on your Bertazzoni Heritage Series appliances – from the control knobs to the finials on the door handles.

---

**Choose your finishing touch**

Each finish comes in two sets that you can buy with your appliance or at a later date. They are simple to install at home, with no special tools or engineer visit needed. You can discover more details at:

**Elevate by master**

*Introducing Collezione Metalli for  
Bertazzoni Master Series*

Bertazzoni continues to be passionate about bringing tradition and technology together to create exceptionally beautiful, high-performance kitchen appliances. The Collezione Metalli collection is now also offered for the Master Series suite, available in two new Décor Set finishes: Satin Gold and Black Nickel. This Collezione Metalli expansion features crafted details, finished in genuine metals plated with real gold and nickel.

This will personalize your Master Series ranges, hoods, dishwashers and refrigerators from the control knobs to the finials on the door handles.

---

#### **An elegant finishing touch**

The Gold option is plated with real metal and finished with a subtle brush treatment and special protective layer to protect it from the wear and tear of kitchen appliance suite life. As a result, each element will continue to look perfect for many years to come. The Gold-plated finish highlights the elegant design details of your Bertazzoni Master Series appliances – from the control knobs of your range to the finials on the door handles of the refrigerator and dishwasher.

Black Nickel offers a matt finish that brings a stylish modern touch to your Bertazzoni Master Series appliances. Each piece is plated with real Nickel and protected from the hard knocks of kitchen life by a special treatment. It will add a unique finishing touch to your appliances that will last for many years to come. This striking real metal finish is available in sets designed to enhance your Master Series range, refrigerator and dishwasher.
