

## 48 inch Dual Fuel Range, 6 Brass Burners and Griddle, Electric Self Clean Oven Heritage Series

### HERT486GDFSAVT

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

The high-efficiency maintop with 6 brass burners and electric griddle features 2 dual ring 19,000 BTU power-burners that boil water in under 6 minutes (best in class), and 4 additional MonoBloc burners of variable size and power to suit every style of cooking, with delicate simmer at 750 BTUs. The stainless steel griddle with integrated cover provides additional cooking options.

The 4.6 cubic feet self-cleaning oven is the largest in its class, with dual convection fan for balanced airflow and even temperature baking and roasting on 7 shelf levels. The elegant digital temperature gauge monitors the actual temperature in the oven and has integrated controls in the bezel for the food temperature probe. The extra wide electric broiler with optional convection is ideal for grilling and searing at high heat. The 2.4 cubic feet auxiliary oven is perfect for smaller dishes and for warming. Both ovens include convenient features such as smooth telescopic glides for the oven shelves and soft-close door. The edge-to-edge interior oven glass door maximizes interior volume and can be wiped clean without effort.

All Bertazzoni appliances are covered by a 2-year warranty. Products and packaging are 99% recyclable.

The new **Collezione Metalli** offers decorative details to enhance your Heritage Series range, hood, dishwasher or fridge. You can choose from three real metal finishes: Gold-plated, Copper-plated and Black Nickel-plated.
