

36 Wallmount Canopy and Base Hood, 1 motor 600 CFM Heritage Series

K36HERTX+KC36HERTAV

All Bertazzoni hoods are designed, engineered and made in Italy using the highest grade materials and components. Every hood pairs perfectly with all Bertazzoni ranges, rangetops and cooktops of the same size and integrates seamlessly with all other Bertazzoni appliances into style-harmonized suites for a true, high-performing kitchen.

Powered by a 600 CFM motor with three power settings, this elegant hood matches the time-honored style of the Bertazzoni Heritage ranges. It comes with baffle filters, easily removable and dishwasher safe. LED lights provide bright illumination of the cooking surface under the hood. It installs on the wall with the included height-adjustable duct cover and the color canopy can be specified to match the color of the range.

All Bertazzoni appliances are covered by a 2-year warranty. Products and packaging are 99% recyclable.

The new **Collezione Metalli** offers decorative details to enhance your Heritage Series range, hood, dishwasher or fridge. You can choose from three real metal finishes: Gold-plated, Copper-plated and Black Nickel-plated.

Specifications
