

48 Gas Rangetop 6 brass burners + electric griddle Master Series

MAST486GRTBXT

Bertazzoni signature rangetops put Italian design and precision at the heart of your kitchen. As beautiful as they are practical, they sit flush with countertops and cabinets.

The combination of 6 Monobloc brass burners and the electric griddle, plus cast iron contour grates let you cook like a professional. The grates are designed for maximum space to fit pots and pans of different sizes with ease. The extra powerful 19,000 BTU power burners boil water faster than any burner in their class. Boil pasta, sear meat or stir fry with a wok on the 2 power burners with dual ring flame; or delicately melt chocolate or warm cream on the simmer burner.

The large stainless steel griddle with integrated grease-catcher and practical cover doubles up as a handy prep surface when not in use.

Cleaning up afterwards is easy, thanks to the seamless one-piece stainless worktop with no gaps, joints or fasteners.

Safety is designed-in with the 100% fail-safe thermocouple technology. It instantly shuts off the gas if the flame goes out, offering peace of mind and protection for your family and home.

Bertazzoni signature rangetops are covered by an industry-leading 2-year parts and labor warranty, and manufactured with pride in Italy.
