

30 Warming Drawer Master Series

MASWD30X

Bertazzoni ovens are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

The warming drawer serves many functions, from warming up serving platters and dishes to keeping food warm prior to serving or during the meal. Opening and closing the extra-large drawer is a snap thanks to the extra smooth glides and soft-motion closing mechanism, while the open sides make loading and unloading simple.

All Bertazzoni appliances are covered by a 2-year warranty. Products and packaging are 99% recyclable.
