24″ Built-in Wine Cellar Column, Reversible Door
Professional Series

REF24WCBPNV

These built-in column wine cellars are masterpieces of Bertazzoni design and technology. Their stylish panel ready and glass doors reflect close attention to detail and high-quality materials.

Enjoy flexible storage of all types of bottles with Bertazzoni wine columns, designed with three independently adjustable temperature zones from 41°F to 68°F. Ensure the utmost in bottle storage with a beechwood shelf design anchored by a premium telescopic smooth motion glide system.

Access temperature for each zone and interior lighting settings through the intuitive digital touch control interface. Fresh pure air circulation with charcoal layered filters preventing unwanted scent crossover, for optimal wine preservation.

Designed to allow for elegant configurations of wine cellar, refrigerator and freezer in any desired width.

To mount a Bertazzoni handle kit on a custom kitchen cabinet panel, use brass threaded inserts available for purchase **here**.

This refrigerator integrates seamlessly with all other Bertazzoni appliances into style-harmonized suites for a true, high-performing kitchen.

Handle kits and door panels are sold separately.

Bertazzoni built-in column wine cellars are covered by an industry-leading 2-year parts and labor warranty.
